

CHAA SEMINAR

The Centre for Health Assets Australasia, UNSW Built Environment presents

Integrating healthcare services, technology and infrastructure - delivering sustainable innovation

Special Guest Speaker

Prof James Barlow, HaCIRIC, Imperial College, London, UK

James Barlow is a Professor of Technology and Innovation Management and a Director of the Health & Care Infrastructure Research & Innovation Centre (HaCIRIC) and has a PhD from the London School of Economics and a background in geography and economics. James' research focuses on the adoption of innovation in complex sectors of the economy. Planning, designing and delivering innovative infrastructure to deliver high value healthcare is a major challenge for policy makers, health services and industry - this seminar will report on work carried out by HaCIRIC to address this issue.

Date: Tuesday 21 July, 2009
Time: 4:30 - 6:00pm
Venue: Australian School of Business
Room 205, UNSW ([Building E12 map](#))
