

Delivering a Healthy WA

Medical Technology Change is Upon Us

Perth, Western Australia
29 September 2008

Welcome

Delivering a Healthy WA

- Health Capital and Asset Management Consortium was established in October 2003
- Purpose is to combine the capabilities of health capital asset managers across Australia and New Zealand in infrastructure asset planning, procurement and management, to improve health service outcomes
- HCAMC aims to help overcome resource pressures and get best outcomes by enabling individual jurisdictions to collaborate and develop a high level of shared knowledge
- HCAMC strategic plan has identified five key strategies:
 - Improvements in health facility asset investment;
 - Fostering collaboration, networking and information sharing between jurisdictions;
 - Improving and raising awareness of HCAMC and asset management;
 - Developing skills and capabilities within the health facility industry; and
 - Continuous improvement and promotion and use of common health facility guidelines
- Major partners are CHAA and the UNSW

Purpose

- Key role of HCAMC is to develop and share knowledge
- Objective of forum is to alert managers and planners to the rapid pace of change in medical technology, the potential impact on facility and health service planning and what some jurisdictions are beginning to do to deal with it.
- Forum is directed at Australasian health capital program managers, senior planners/clinician planners and project directors/managers for current major health capital developments.
- Forum is one in a series being hosted by HCAMC jurisdictions - theatre planning (Adelaide) and ward planning (Brisbane) forums have already been held in 2008.

Housekeeping

Delivering a Healthy WA

- Program breaks
- Building access
- No food or drinks in the theatrette
- Fiona Stanley Session
- Joint dinner
- Acknowledgements
- St Jacks

Forum Process

- Evidence of change in technology
- How is the international health community approaching this
- How is Western Australia planning for changes in medical technology
- Some clinical perspectives on the impact of technology
- Integrating medical technology into major projects
- How can jurisdictions bring this all together

Program

0830	Welcome and Introduction	Ross Keesing (WA Health)
0900	Medical Imaging and Change	Dr Chris Farr (Sg2)
1030	Morning Tea	
1100	Planning for Medical Technology Change	Dr Chris Farr (Sg2)
1145	WA Medical Technology Map	Liz MacLeod (North Metro AHS)
1215	Adopting Medical Technology – Governance	Scott Lisle (South Metro AHS)
1245	Lunch	
1330	Cancer Services – Technology and Change	Dr Christobel Saunders
1415	Urology Services - Technology and Change	Dr Dickon Hayne
1500	Afternoon tea	
1530	Integrating Medical Technology – Fiona Stanley	Brad Sebbes (CEO Fiona Stanley)
1615	Medical Technology – A Challenge For Governments	Dr Simon Towler (WA Health)
1700	Discussion	Ross Keesing (WA Health)
1730	Close	

Medical Imaging & Change

0830	Welcome and Introduction	Ross Keesing (WA Health)
0900	Medical Imaging and Change	Dr Chris Farr (Sg2)
1030	Morning Tea	
1100	Planning for Medical Technology Change	Dr Chris Farr (Sg2)
1145	WA Medical Technology Map	Liz MacLeod (North Metro AHS)
1215	Adopting Medical Technology – Governance	Scott Lisle (South Metro AHS)
1245	Lunch	
1330	Cancer Services – Technology and Change	Dr Christobel Saunders
1415	Urology Services - Technology and Change	Dr Dickon Hayne
1500	Afternoon tea	
1530	Integrating Medical Technology – Fiona Stanley	Brad Sebbes (CEO Fiona Stanley)
1615	Medical Technology – A Challenge For Governments	Dr Simon Towler (WA Health)
1700	Discussion	Ross Keesing (WA Health)
1730	Close	

Planning For Medical Technology Change

Delivering a Healthy WA

0830	Welcome and Introduction	Ross Keesing (WA Health)
0900	Medical Imaging and Change	Dr Chris Farr (Sg2)
1030	Morning Tea	
1100	Planning for Medical Technology Change	Dr Chris Farr (Sg2)
1145	WA Medical Technology Map	Liz MacLeod (North Metro AHS)
1215	Adopting Medical Technology – Governance	Scott Lisle (South Metro AHS)
1245	Lunch	
1330	Cancer Services – Technology and Change	Dr Christobel Saunders
1415	Urology Services - Technology and Change	Dr Dickon Hayne
1500	Afternoon tea	
1530	Integrating Medical Technology – Fiona Stanley	Brad Sebbes (CEO Fiona Stanley)
1615	Medical Technology – A Challenge For Governments	Dr Simon Towler (WA Health)
1700	Discussion	Ross Keesing (WA Health)
1730	Close	

W.A. Medical Technology Map

0830	Welcome and Introduction	Ross Keesing (WA Health)
0900	Medical Imaging and Change	Dr Chris Farr (Sg2)
1030	Morning Tea	
1100	Planning for Medical Technology Change	Dr Chris Farr (Sg2)
1145	WA Medical Technology Map	Liz MacLeod (North Metro AHS)
1215	Adopting Medical Technology – Governance	Scott Lisle (South Metro AHS)
1245	Lunch	
1330	Cancer Services – Technology and Change	Dr Christobel Saunders
1415	Urology Services - Technology and Change	Dr Dickon Hayne
1500	Afternoon tea	
1530	Integrating Medical Technology – Fiona Stanley	Brad Sebbes (CEO Fiona Stanley)
1615	Medical Technology – A Challenge For Governments	Dr Simon Towler (WA Health)

Cancer Services – Technology & Change

Delivering a Healthy WA

0830	Welcome and Introduction	Ross Keesing (WA Health)
0900	Medical Imaging and Change	Dr Chris Farr (Sg2)
1030	Morning Tea	
1100	Planning for Medical Technology Change	Dr Chris Farr (Sg2)
1145	WA Medical Technology Map	Liz MacLeod (North Metro AHS)
1215	Adopting Medical Technology – Governance	Scott Lisle (South Metro AHS)
1245	Lunch	
1330	Cancer Services – Technology and Change	Dr Christobel Saunders
1415	Urology Services - Technology and Change	Dr Dickon Hayne
1500	Afternoon tea	
1530	Integrating Medical Technology – Fiona Stanley	Brad Sebbes (CEO Fiona Stanley)
1615	Medical Technology – A Challenge For Governments	Dr Simon Towler (WA Health)
1700	Discussion	Ross Keesing (WA Health)
1730	Close	

Adopting Medical Technology

0830	Welcome and Introduction	Ross Keesing (WA Health)
0900	Medical Imaging and Change	Dr Chris Farr (Sg2)
1030	Morning Tea	
1100	Planning for Medical Technology Change	Dr Chris Farr (Sg2)
1145	WA Medical Technology Map	Liz MacLeod (North Metro AHS)
1215	Adopting Medical Technology – Governance	Scott Lisle (South Metro AHS)
1245	Lunch	
1330	Cancer Services – Technology and Change	Dr Christobel Saunders
1415	Urology Services - Technology and Change	Dr Dickon Hayne
1500	Afternoon tea	
1530	Integrating Medical Technology – Fiona Stanley	Brad Sebbes (CEO Fiona Stanley)
1615	Medical Technology – A Challenge For Governments	Dr Simon Towler (WA Health)
1700	Discussion	Ross Keesing (WA Health)
